Dear Sirs

I would like to thank you for the excellent installation of my Solar Energy System.

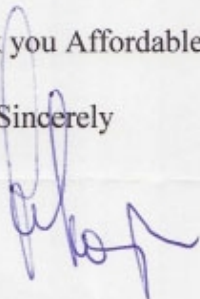

Everyone involved from the advisor to the surveyor and especially the installation team were most courteous, helpful and knew exactly what they were doing.

An extra special mention must go to the installation team. They were a pleasure to have in the house. They could not have been cleaner, unobtrusive, and more helpful. They certainly are the dream team, a credit to British workmen.

The system is working fantastically well, and I am looking forward to the savings that will certainly occur in the future. Although I am 78 years old, I still think it is a wonderful investment, which my family will continue to enjoy for many years after my demise.

Thank you Affordable.

Your Sincerely
